THE IMMERSION FORUM WITH XR4EUROPE

SPONSORING DECK

17-19 OCT  
2022

14TH EDITION | MAISON DE LA POSTE, BRUSSELS | [WWW.STEREOPSIA.COM](http://WWW.STEREOPSIA.COM)

## NOT JUST ANY OTHER XR EVENT!

**Stereopsia EUROPE** is an international forum dedicated to immersive technologies and content. It is the ultimate gathering of entrepreneurs, investors, content creators, academics, and audiences seeking new voices and fresh perspectives since **2009**.

### 5 THEMATIC TRACKS

**Tech & Industry | Culture & Heritage | New Narratives | Academic | European matters**

*panels with international experts, keynote presentations, round tables, workshops, coaching labs & pitching sessions  
Exhibition, demos, XR showcase, awards...*

Stereopsia is one of the proud founding members of the XR4Europe Association, and EUROFEST XR.

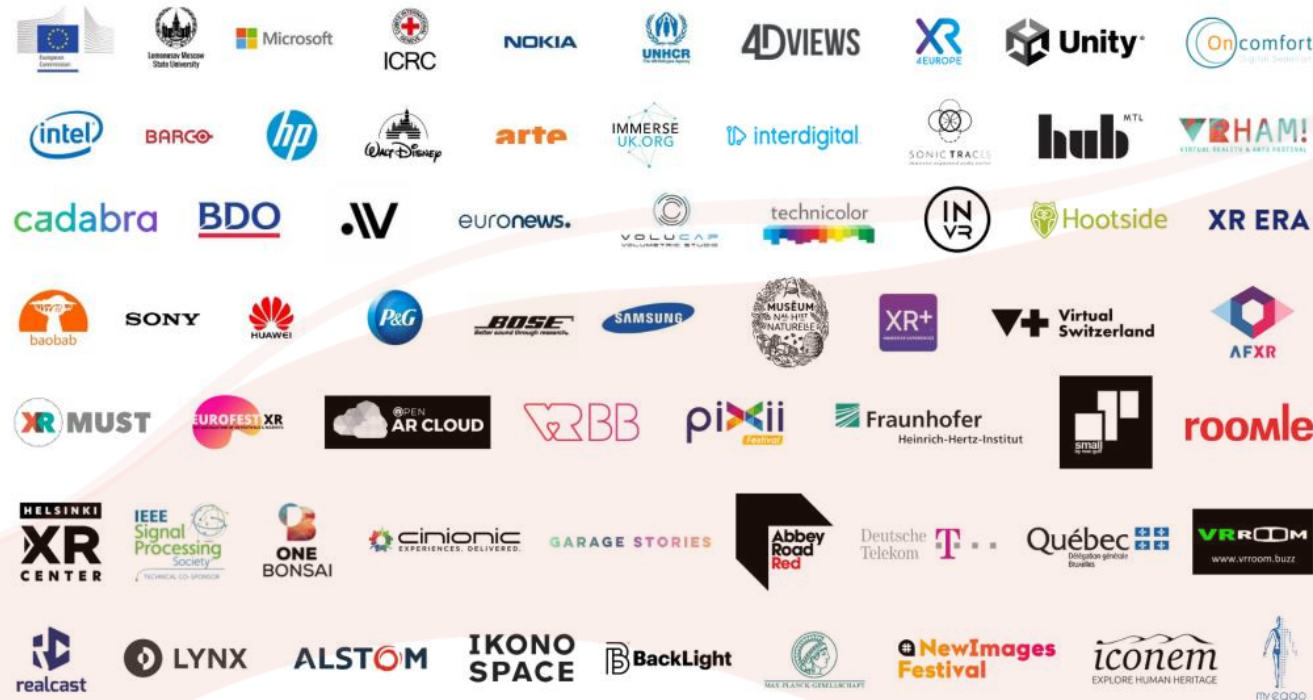

## THE ONLY XR EVENT IN THE CAPITAL OF EUROPE

## WHO ATTENDS STEREOPSIA?

Extended reality or XR is no longer confined to the realms of gamers and Gen Z. And **Stereopsia EUROPE** tackles various verticals, so many sectors can be interested by our event.

We mainly target entrepreneurs (tech industries, telecom, healthcare, retail, AEC, travel), institutions (e.g. museums, European Commission), tech and XR investors, technology influencers, professors, students, engineers, visual and sound artists, XR creators and developers, etc.

Stereopsia EUROPE attracts a widely international crowd, but also has a tradition of involving younger local audiences and students, with specific conferences, and training.

## WHAT WE OFFER

Being a sponsor and partner of Stereopsia EUROPE is therefore a **great opportunity for YOU to display your latest innovations, network, meet key decision-makers, and have significant visibility within the XR community.** Everything is set up to answer your needs as a partner as we offer a wide range of sponsoring opportunities, at different levels, and in different fields:

As a sponsor, you have the possibility to support the whole event, one of the tracks, or you can sponsor "à la carte".\*
